

New Look ZodiacCasino.com

The stars predict good fortune and enjoyable gaming at Zodiac Casino.

Las Vegas, NV ([PRWEB](#)) September 12, 2008 -- It seems 2008 is the year for updates and renewals at Casino Rewards, with yet another of their 18 award winning online casinos having a major facelift. ZodiacCasino.com has long been a favourite amongst players of a certain age especially in the UK, with its attractive design and exciting game-play alluring those eager to find luck in more than just their Zodiac signs. Now the site features an attractive, modernised front page with links to regularly updated horoscopes so players can read up on their astrological predictions before heading in to the casino itself.

Believer or not, even without a favourable prediction from the stars, the new sign up bonus at Zodiac Casino ensures that everyone's a winner! Any new players signing up and depositing \$100 will receive a complimentary \$100 match bonus, meaning that their casino credit will immediately be \$200! In addition, for a limited time only, any player who registers a credit card will also receive an additional \$10 bonus. The bonus money can be used in a special one hour free play, where players can try out a range of the latest games with no personal financial risk, keeping anything they win to carry over after their one hour elapses, to be used to win real cash in Zodiac Casino. There have already been several cases this year of new players hitting jackpots from their free bonus money, so with nothing to lose and everything to gain, it's no wonder the smarter player is heading to Zodiac Casino.

Zodiac Casino is just one [online casino](#) in the ever growing Casino Rewards empire, each offering its own unique blend of generous sign up offers, [free spins](#) on the latest video slot machines, free hands at blackjack and other popular card games, and of course free turns on the ever popular roulette wheel. In addition, each casino features 24/7 toll-free telephone support, a live chat feature and weekly games promotions all served up in a fun and informative newsletter. It's easy to see why the Casino Rewards group is one of the most successful Microgaming online casino operators, with more than 5 years experience under its belt and an unrivalled support team on hand to serve players every day of the year.
