Scottsdale, AZ ([PRWEB](#)) October 30, 2008 -- Mary Gersten, VP of Operations for Global Cash Flow Network, Inc. today announced the addition of a new article on [Discovering Your True Passion](#) the training site with a behind the scenes look at the woman who is changing thousands of lives all over the world. With the success of the Certified Media Placement Specialist (CMPS) Program, Global Cash Flow Network has announced a pledge to donate over \$50,000 to the Boys and Girls Club by the end of the year.

"It is my goal to transform the entire business industry and provide the finest postsecondary education in the world today providing our students entrepreneurship and advanced business skills. Even people who don't decide to work directly with us still enjoy the benefits of learning some of our techniques as we provide free tips, tools and training."

Mary created the Mary Gersten- The Truth training website as a forum and training concept for entrepreneurs all over the world to discover the simple strategies she uses to build and maintain Global Cash Flow Network.

"We also invite students and potential students to post their comments.

"With our program, it's not all about the money. The personal growth that our students go through using our system is inspirational. We created a place for students to stay in touch.

"I would say it's my version of Mary Gersten - 'The Reality Program'- the ins and outs of what I do, how I think and what motivates me towards success. In our training program, you'll find articles, events and interviews that I have on different things happening in the business."

Global Cash Flow Network provides the Certified Media Placement Specialist Program for people of all backgrounds all over the world. Mary is extremely passionate about what she teaches to show people how to run a successful business. Although she would love everyone to participate in the program, it's not a reality and for that matter it's probably not a good fit for everyone.

"Either way, it's one of the many ways I can contribute to challenge and show people that the American Dream is alive and well - if they have the right approach; and the right coach."

With the failure rate of businesses at 98% today, the goal is to make sure someone isn't a statistic.

Mary knows she can't make someone successful. She is committed to provide the tools and support that if a

student will bring a commitment to do the work - there is no limit to what they can achieve. If just one story, tip or insight inspires someone to do something bigger than they ever thought possible, then Mary knows she has done her part. She shares her tips and success secrets across many different forms of media. You can read her latest tip at [Discovering Your True Passion](#)

"Over the last few years, we've been able to donate over \$40,000 to the Boys and Girls Clubs of America. I'm stepping up our efforts this quarter and a percentage of all revenues will be donated to the Boys and Girls Club. Our staff alone has generated \$25,000 towards our donation. My goal is to donate a minimum of \$50,000 in the 4th quarter alone!

"It is our goal and commitment to reach out to the community. Being a single mom of four kids, the Boys and Girls Club is a terrific place for kids mentally and socially. It's easy to continue to support a cause like this.

"The Boys and Girls Clubs of the East Valley is a safe alternative for kids. The Clubs provide stimulating activities that help build character, self-esteem, and values for children of all ages."
