Lavender ‘Goodwin Creek Grey’ ($54)
Friends and family who receive this tender Lavender hybrid will enjoy it indoors during the long winter months. ‘Lavender Goodwin Creek Grey’ is well-suited for the dry air conditions of winter homes, and throws spikes of deep blue flowers above a lush mound of silver foliage. Included is a bushy, budded plant in a 7” wide glazed pot with saucer; kiln-fired, so no two are alike.

Amaryllis ‘Cherry Nymph’ ($72)
The Nymph series of Amaryllis produces huge, almost full double flowers whose rich texture and colors set new standards of beauty for this elegant genus. The large red blooms of ‘Cherry Nymph’ have a shimmering, iridescent quality, and its thick, strong stems easily support them. With a bloom time of 6-8 weeks, order them now to give as a gorgeous blooming potted plant or allow your recipient to sow it and watch it grow. Included with the bulb is a glass vase and potting medium.

Farmington Wreath ($79)
Give instant elegance when you gift this richly colored and textured wreath. It can be hung above a mantel, sideboard or wall to bring the holiday spirit into their home. Preserved burgundy and green lemon leaves provide a lush base and set the contrasting color theme for decoratively arranged sprigs of Sudan grass, millet, red and green preserved eucalyptus, and pine cones. This would be the perfect gift for designers or as a hostess gift for holiday parties.

Sneeboer Tools ($38- 149)
White Flower Farm knows a thing or two about tools. While there may be other inexpensive solutions on the market, these heirloom quality tools are finely crafted in the Netherlands, built to last for years and are not widely available at retail. They are hand-forged from top-grade steel, with either an ash or cherry wood handle. A beginning or experienced gardener would love to collect and invest in these tools.
