(PRWEB) October 09, 2017 -- Darlene Davies, a mother, wife, outdoor and health enthusiast, clinical embryologist, devoted writer and author, has completed new book “The Snowball Pumpkin Adventure”: a vibrant work full of animated characters that will be loved by children and adults alike! This children’s story details the fun and tradition of Fall and decorating in the New England region.

Published by New York City-based Page Publishing, Darlene Davies’ entertaining book is the perfect addition to any child’s book collection!

Carter and Chase spent all afternoon with their Gigi to pick out the perfect pumpkin at Davies Farm Stand. They took a hay ride to search the pumpkin patch for the perfect one, but just didn't find what they were looking for. Only when they came back to the farm stand did they finally find it! It was a snowball pumpkin.

Chase liked it because it was small enough to hold all by himself. Carter liked it because he loves winter and this was the perfect mix of the two seasons! Once they got home to the golf course where they live, they displayed the pumpkin on the hay bales outside next to the big orange pumpkins, then went inside for lunch. Just as they sat down, Chase jumps up and exclaims "The pumpkin! It’s rolling down the hill." Gigi went to find the pumpkin, but it was gone. Little did they know; their little snowball pumpkin was in for the ride of his life! Off to a scary start, the pumpkin goes on an exciting adventure that leads him to some new friends.

Fall in New England is filled with wonderful traditions including warm apple pie, fresh sweet corn and scarecrows. Every doorstep will have their pumpkins proudly displayed, so it has to be perfect. Readers can imagine the boys’ surprise when their carefully picked pumpkin rolled away for good.

Readers who wish to experience this enjoyable work can purchase “The Snowball Pumpkin Adventure” at bookstores everywhere, or online at the Apple iTunes store, Amazon, Google Play or Barnes and Noble.
