Searching for the perfect gift for the person who has everything? Check out Live Happy’s “On a Positive Note” journal and notebook. In collaboration with Corso, the exclusive “On a Positive Note” offers inspiring quotes, tips, statistics and activities in addition to plenty of room to jot down work notes, grocery lists and your daily gratitude list.

At the end of each day, write something you are grateful for at the bottom of each page of the notebook. You’ll find that this regular happiness practice will bring you joy, confidence and success!

“The holiday season is my favorite time of year,” says Deborah K. Heisz, Live Happy CEO, co-founder and editorial director. “It’s a great opportunity to spend time with the ones we care about the most and show them our appreciation and gratitude. Live Happy is a reminder that life can be a bit happier, and our gift selections are always full of happiness.”
