OnlineMasters.com Names Top Master's in Clinical Research Programs for 2019

OnlineMasters.com, a trusted source for unbiased college rankings and higher education planning, announced the release of their Top Master's in Clinical Research Programs for 2019.

SEATTLE (PRWEB) November 20, 2018 -- OnlineMasters.com, an industry-leading educational research organization, announces the release of their Best Online Master's in Clinical Research Programs for 2019. They have identified the top programs in the nation that are the best in the areas of curriculum quality, program flexibility, affordability, and graduate outcomes.

Leveraging an exclusive data set comprised of interviews and surveys from current students and alumni in addition to insights gained from human resource professionals; every online degree program was analyzed with only the top 11 making it to the final 2019 list. The methodology incorporates the most recent data from the Integrated Postsecondary Education Data System (IPEDS) and statistical data from the National Center for Education Statistics. Most importantly, only programs from accredited nonprofit institutions were eligible.

"U.S. Bureau of Labor Statistics reports that employment opportunities for medical researchers are expanding, with growth through the year 2026 projected at 13 percent" stated Barbara Montgomery, Program Recognition Manager. This is just one of the many reasons OnlineMasters.com researched, analyzed, and ranked the top Master's in Clinical Research Programs. View the complete ranking at: https://www.onlinemasters.com/best-degree-programs/clinical-research/
