FreeConferenceCall.com Helps Children Call Santa with Holiday Wish Lists

The company announces the opening of "Santa's Hotline”, a no-cost international voicemail for children of all ages to leave holiday wishes for the North Pole

LONG BEACH, Calif. (PRWEB) November 20, 2018 -- FreeConferenceCall.com, the most recognized conferencing and collaboration brand on the planet, announced today that its ninth annual Santa’s Hotline is officially open. The holiday hotline makes it easy for millions of children around the world to send their Christmas wishes straight to Santa Claus.

Callers in the United States can dial into Santa's Hotline at +1 (605) 313-4000 at no charge to hear the following message:

“Ho! Ho! Ho! Merry Christmas! This is Santa Claus and you have reached my personal hotline. We have been very busy making all the toys to deliver on Christmas morning, and I want you to know that your family loves you very much and so do I. So, be good and don’t forget to always listen to your parents. When you hear the tone please leave me your Christmas gift wish list and holiday cheer. And, remember kids, I know who’s been naughty and who’s been nice. Merry Christmas and I’ll see you soon.”

Santa's Hotline is also currently available in multiple languages and countries — so it's easy to call and leave a message for the big guy in red.

FreeConferenceCall.com uses a dedicated voice mailbox on a secure and easy-to-use system that allows users to record private messages for Santa. Last year, more than 11 million excited children called Santa’s Hotline to share their Christmas list.

“We’re no Rudolph, but truthfully, we are one of Santa’s lesser-known partners. At FreeConferenceCall.com, we’re working hard to ensure every child’s Christmas wish gets delivered in time,” says David Erickson, founder and CEO of FreeConferenceCall.com.

Santa’s Hotline is now open. Call him today and find out what your kids are hoping to find under the tree.
