Xulon Press Releases Book About Inspiring Miracles From a Loving God

Celeste Talley shares her stories of where she has seen God move in her life in miraculous ways.

Simply Miraculous: An Ordinary Woman’s Walk with an Extraordinary God is a book about the miracles God has performed in Talley’s life designed to increase her faith and trust in Him. These experiences are shared in this book so others might gain greater understanding of a loving, omnipotent God.

People search for hope, protection, and a greater understanding of God. This book will not only “demonstrate how He works in an ordinary person’s life, but also will encourage others to ask for his help,” said Talley.

Celeste Talley graduated from Bible college with a certificate in Religious Education. She has been a born-again believer for 46 years. While this is her first book, she has written and produced songs and released three CDs.

Xulon Press, a division of Salem Media Group, is the world’s largest Christian self-publisher, with more than 12,000 titles published to date. Simply Miraculous: An Ordinary Woman’s Walk with an Extraordinary God is available online through xulonpress.com/bookstore, amazon.com, and barnesandnoble.com.
