AUSTIN (PRWEB) December 31, 2018 -- It’s official; the number one specialty license plate design in Texas for 2018 is the full black background design, Classic Black, from My Plates.com. This is now the third consecutive year this retro design has held the position as Texas’ most popular plate since its official launch in 2016.

There were 11,000 Texans who purchased the Classic Black design in 2018, 1000 more than what was sold in 2017. The popularity of this design harkens back to 1968, which was the last time a full black Texas license plate was available, back then it was a general issue pattern.

The second most popular design is Lone Star Black, exceeding 7,000 plates sold during this past year. The Lone Star Black design first hit the streets of Texas in 2008 and can still boast having sold the most plates of any design within the My Plates program, over 88,000 since its debut, and has now delivered over $14M to the Texas general revenue fund.

Rounding out the Top 3 plates is the Texas Black 1845, holding off the fourth-place getter Carbon Fiber and Small Star Black in fifth. In fact, the Top 5 selling plates in Texas account for 56% of total sales, and are all black and white.
