SCOSCHE® Industries Celebrates 36 Years of Showcasing Innovation at CES

Since 1980, Scosche has been on the leading edge of new technology developments. And every single year since 1983, Scosche has exhibited at CES. It’s been the global launching pad for our latest and greatest products.

OXNARD, Calif. (PRWEB) January 03, 2019 -- “The Global Stage for Innovation” is the theme of the 2019 International CES. As technology innovators that certainly resonates here at Scosche.

Since 1980, Scosche has been on the leading edge of new technology developments. And every single year since 1983, Scosche has exhibited at CES. It’s been the global launching pad for our latest and greatest products.

Just imagine the number of new products we’ve launched at CES over those 36 years. Everything from cutting-edge car audio and 12 Volt solutions to the first MFi accessories and now, the newest developments in wireless charging.

So in keeping with our tradition, Scosche will be launching our new products in Las Vegas in January. Scosche has 150 New Consumer Technology products and 89 Connected Car products to show you.

These will include products that quickly and wirelessly charge your Qi-enabled devices, help you enjoy a safer and more protected drive, keep your diverse electronic devices organized as well as charged, and add a voice-enabled assistant to any vehicle.

Intrigued? Want to know more? Sure you do! So enjoy the excitement of CES with us by:

- Checking our daily Press Releases for details of our new product launches - one a day, beginning on January 7.
- Visiting our booth #31106 in South Hall 3.
- Following us on Instagram, Facebook, and Twitter.

Sкосhе looks forward to connecting with you in Vegas!
