Florencia Anatelli, MD Joins Southwest Skin, Now a Part of U.S. Dermatology Partners

Dr. Florencia Anatelli joins Phoenix, Arizona division of U.S. Dermatology Partners as a dermatopathologist

PHOENIX (PRWEB) February 07, 2019 -- Dr. Anatelli joined Southwest Skin Specialists. Dr. Anatelli earned her Medical Degree from the National University of Rosario, Argentina. Her post-graduate training includes a residency in Anatomic Pathology at Washington University School of Medicine/Barnes-Jewish Hospital in St. Louis, MO and a fellowship in Dermatopathology at Dartmouth-Hitchcock Medical Center in Lebanon, New Hampshire. Dr. Anatelli completed a research fellowship at Wellman Center for Photomedicine at the Massachusetts General Hospital/Harvard Medical School.

Prior to coming to Arizona, Dr. Anatelli worked in private practice in the Washington DC Metropolitan area, where she provided leadership, community service and education. She holds an appointment as Clinical Assistant Professor of Pathology and of Pediatrics at The George Washington University School of Medicine and Health Sciences. She currently serves as the President of the Washington DC Dermatological Society.

Dr. Anatelli joined the Arizona division of U.S. Dermatology Partners. As a fellowship trained dermatopathologist, Dr. Anatelli specializes in diagnosing disorders of the skin under a microscope and includes cases such as melanoma and other skin disorders. She will work out of the Southwest Skin Specialists lab in Scottsdale, Arizona.

About U.S. Dermatology Partners
As one of the largest physician-owned dermatology practices in the country, U.S. Dermatology Partners patients not only have access to general medical, surgical, and cosmetic skin treatment through its coordinated care network, but also benefit from the practice’s strong dermatology subspecialty thought leaders and medical advisory board. To be the best partners to its patients, U.S. Dermatology Partners is fervently focused on providing the highest level of patient-first care, and its team therefore includes recognized national leaders in areas such as clinical research, psoriasis and Mohs Surgery.
