According to MyPlates, More Texas Drivers Lead with the Heart

More Texans used the "heart" symbol on their license plate that any other symbol

AUSTIN, Texas (PRWEB) February 13, 2019 -- February is known for being the month of love and with Valentine’s Day just around the corner, many Texans are rushing around placing their last-minute orders for flowers and chocolates for that special person in their lives. Some Texans on the other hand are turning to expressing their love on their bumper and making a more personal statement for all to see.

In fact, the “heart” is the most beloved Texas symbol chosen when ordering personalized plates from My Plates, the official vendor for Texas license plates.

Over the last 12-months, more than 2,700 Texans entered a long-term relationship with the Heart, making it Texas’ favorite symbol! In second spot was the Texas Silhouette with 2,156 orders and coming in third was the Star, recording 1,582 orders. There are five symbols/special characters available in Texas, with the Dash and the Period rounding out the selection. Over 8,000 orders received in 2018 used one of these symbols.

The way Texans showed their hearts on their bumpers, instead of their sleeves, varied in many ways. They declared soulmates, adored family and pets, showed a deep bond with their cars, were head-over-heels for their sport or college, loved their profession, state, country, faith and mascots and even had a deep crush on their love for tacos.

If you want to make a love connection, the heart symbol (and other four special characters) is allowed on all Texas personalized license plates and will take up one full character space. So, if you’d like to put more “heart” and soul on your bumper, Texas has you covered.

For those Texans that love an easy to remember plate message, then you may like the ID Plate Series. The ID Series starts from AA-00 (zero, zero) and goes all the way through to ZZ-99. With only four characters on the plate, they are EZ to remember!
