Xulon Press Author Releases Book Teaching Readers the Purpose, Power of Rain

*Water is a gift of life for the earth, and in this book, a young girl discovers just how important it is.*

MILTON, Mass. (PRWEB) February 15, 2019 -- Within the pages of Bessie T. Wilkerson’s new book, *My Friend the Rain* ($12.49, paperback, 9781545654613; $22.99, hardcover, 9781545654620; $5.99, ebook, 9781545654637), readers will find the story of an adolescent girl outside, exploring and playing in the rain. She realizes there must be a creator of this wonderful gift called rain. She connects the water to the rain and knows God is an amazing God to give us such love and goodness.

She learns that God gave us the gift of water and rain for all of earth’s plant life and for us humans to grow, survive, and enjoy.

“People often forget and take advantage of the gift of life found in the water we drink and in the process of how the earth needs the rain to grow and survive,” says Wilkerson.

Bessie T. Wilkerson is a PK (preachers kid) and an Ordained Minister. Her father was a gospel singer in a group that traveled all over the country. Singing was a big part of her upbringing and still is. She previously published *The Hungry Squirrel*, and *My Friend the Wind*.

Xulon Press, a division of Salem Media Group, is the world’s largest Christian self-publisher, with more than 12,000 titles published to date. *My Friend the Rain* is available online through xulonpress.com/bookstore, amazon.com, and barnesandnoble.com.
