Book Reveals Messages and Teachings from Spirit Teachers/angels

New marketing campaign is set for Wilma Jean Jones and Michael McAdams’ ‘An Angel Told Me So’

CENTERVILLE, Ohio (PRWEB) February 14, 2019 -- For over two decades, Wilma Jean Jones received messages and teachings dictated directly from spirit teachers/angels from the other side. Her son Michael McAdams received writings in much the same manner. Believing that these messages carry lessons of great importance, the mother-and-son authors share to readers “An Angel Told Me So” (published by Balboa Press in November 2017), to introduce them to God’s direct representatives.

Set for a new marketing campaign, this first book of three volumes not only offers proof of the existence of a spiritual realm outside this physical plane, but also presents communications in the form of messages and teachings dictated directly from spirit teachers/angels who inhabit this spiritual realm. What started as personal messages to the authors later became even deeper and heavier, and were given as general teachings with universal application. In the book, readers will find many of the messages and teachings are signed with the name of the spirit teacher presenting the information.

There is never a time when the spirit teachers are not present in people’s daily lives, the authors emphasize. Through the book, readers are invited to make contact with their own spirit teachers/angels and be open to their advice, guidance, direction and support.

About the Authors
Wilma Jean Jones is a devout Christian and a daily reader of her Bible. Jones feels she has been spoken to and advised throughout her life regarding spiritual matters. In 1977, she was led to sit down and receive messages and teaching dictated directly from spirit teachers/angels in dedicated sessions. Little did she realize at the time these messages and teachings would continue to be received for 22 years. She had always been open to spiritual leadings and was prayerful in seeking protection and guidance from God as she received these writings. Working with her son McAdams, this collection of messages and teachings are recorded in three volumes of the book “An Angel Told Me So.”

Michael McAdams has felt a sense of destiny and purpose his entire life. A lifelong sincere seeker of truth, he has endeavored to reach out with an open mind to all sources available. Brought up in the Pentecostal church, his uncle was a fiery Pentecostal preacher by the name of John W. Sullivan. Although McAdams has always felt more spiritual than religious, communication from the highest possible source has been his goal as he enables his mind to receive information and direction that allows him to help the greatest number of people. One of his preferred books, in addition to the Bible, is “The Urantia Book.” McAdams offers a set of his own
writings called “Spiritual Parchment Prints” available on his website at www.spiritspeaks.com.
