New Book Offers Strategies for Continuous Improvement within Nongovernmental Organizations

Jose Enrique Suarez Y Toriello announces publication of ‘Recuperando las Raíces’

EL PASO, Texas (PRWEB) February 18, 2019 -- Jose Enrique Suarez Y Toriello’s new Spanish-language book, “Recuperando las Raíces: De la Misión a la Función, de la Función a la Mejora Continua” (published by iUniverse), re-evaluates traditional concepts in the administrative process and discusses how to implement them intelligently to be more effective in nonprofits. The book is available for purchase at: https://www.amazon.com/Recuperando-Las-Ra%C3%ADces-Funci%C3%B3n-Continua-ebook/dp/B07KQXYVMC.

Wanting to support the development of NGOs, Suarez addresses the fundamental parts of creating one to ensure proper development of them. Drawing from professional experience working with the organizations, Suarez examines the administrative process, the organizational mission and vision, the operational function and the role of supervisors to show how the execution of a series of consecutive steps can be structured to form a cycle of continuous improvement.

Suarez hopes his book shows readers “The possibility of change to become a better and more participative society.”
