GLENDALE HEIGHTS, Ill. (PRWEB) April 12, 2019 -- The winter weather is finally gone as the sunshine brings the spring season! After shivering for months in Illinois, spring is the perfect time to plan some road trips, attend festivals and baseball games, or just generally enjoy time outside. However, after gearing up for an exciting spring and summer event, it might not be as run or reliable to take an old car around town. To celebrate the warmer weather, Glendale Nissan, a Glendale Heights-area dealership, is offering great deals on some of the newest Nissan models.

During the spring sale at Glendale Nissan, drivers can find deals on some of the most popular Nissan models such as the Sentra, Altima and Rogue. For example, the new 2019 Nissan Sentra S can be leased for just $99 per month for 36 months, while other sedans such as the 2019 Nissan Altima 2.5 S can be leased for $169 per month for 36 months. Popular SUVs like the 2019 Rogue S can also be leased for $189 per month for 36 months. Each of these models also requires $3,999 due at signing as part of the lease.

Drivers planning on getting a new vehicle this spring can use some of the dealership’s various helpful tools such as the online credit approval tool. Those looking to save even more money can also calculate the trade-in value of their current vehicle.
