Justin Rutledge’s Newly Released “Nicodemus” is a Compelling Fictionalized Account of a Man Who Became Christ’s Overlooked Disciple

“Nicodemus” from Christian Faith Publishing author Justin Rutledge is an absorbing and richly detailed gospel narrative featuring Nicodemus, a temple teacher in biblical times, as he encounters the Messiah, follows his life, death, and ministry, and discovers Jesus’s true role on earth, compelling him to spread the good news in turn.

MEADVILLE, Pa. (PRWEB) April 30, 2019 -- “Nicodemus”: a poignant scripture-based gospel, is the creation of published author Justin Rutledge, a longtime Bible class teacher and hobbyist writer. He is a graduate of Abilene Christian University, a private Christian university in Abilene, Texas.

Rutledge writes, “Nicodemus was a temple teacher in the Jewish establishment mentioned just three times in the Bible. He sought Jesus, he defended Jesus, and he assisted in Jesus’s burial. Even though the religious establishment rejected Jesus, Nicodemus took a keen interest.

“There has to be a story here. This book fictionalizes different approaches and efforts Nicodemus may have used to discover the truth about Jesus. In addition, there had to be unpleasant confrontations with the Jewish religious establishment.

“This book also emphasizes Nicodemus’s perspective of the mission, death, burial, and resurrection of our Lord Jesus Christ and what occurred in the establishment of the early Church. Also, a more detailed account is given as to what motivated Judas Iscariot to betray our Lord.

“It is not my intention to change scriptures in any way. Rather, this story is built around the scriptures.”

Published by Christian Faith Publishing, Justin Rutledge’s new book is an inspired retelling of the major gospels through the eyes of an intriguing and ultimately significant character often overlooked in the Bible stories.

Engagingly written and buttressed by carefully researched details, Rutledge’s historical tale will delight readers and bring to life a complicated and conflicted ancient world forever changed by the actions of a remarkable man both human and divine.
