Michal Eshel, Award-Winning Israeli Jewelry Artist, Creates “The Blessings Coin” Commemorating the God-Israel-USA Connection

Michal Eshel, well-known Jewish jewelry artist announced today the launch of her newest piece, “The Blessings Coin.” This detailed, over sized memorial coin depicts the God-Israel-USA connection and is being released in the USA in time for summer holidays.

TEL AVIV, Israel (PRWEB) April 30, 2019 -- Michal Eshel is an award-winning jewelry artist who has been featured in Israeli magazines over the last years. Her jewelry is hand-crafted in Israel and most pieces symbolize the strength and unity of God’s Holy Land and His people. From necklaces, broaches, earrings, rings and bracelets, to quirky custom pieces, this mother of two spends her spare time at her jewelry worktable creating unique pieces that are sold around Israel, the USA and the world.

“I really wanted to create something symbolic. Something that shows the connection between God and His people. A lot of my customers come from America, and this coin shows the deep connection between our two countries,” Michal said. “I love that is ready in time for Mother’s Day and Father’s Day, for anyone interested in something with a deep symbolic meaning.”

https://theblessingcoin.wixsite.com/website [The Blessings Coin __title__ The Blessings Coin] portrays several unifying symbols: Capitol Hill and the Temple; the Pomegranate; Olive Branches; the Tree of Life; JerUSAlem with USA capitalized in the center; the cross and the Star of David. Michal’s husband, Omer Eshel is an Israeli historian and former counsel for Travel and Tourism to the United States. Together they worked to make this coin a reminder of the unique connection of the two countries.

“There is no doubt that the two countries are bound together,” Omer said. “Both share the same moral code and serve the same God. In many ways, we are connected like no other countries in the world.”

There are many scriptures in the Bible, according to Michal, which indicates the Christian population has been “grafted into” the nation of Israel. As the USA is the most ardent and strongest supporter of Israel, the scripture in Genesis 12:3 which reads “I will bless them that bless thee and curse him that curseth thee, and in thee shall all families of the earth be blessed,” seems to have a special meaning to America. This has been repeated over and over by pastors and ministers for decades, both as a warning to nations who try to destroy the Israeli people and as a promise to the nations that support Israel.

The Judeo-Christian values are of both countries are similar, according to the Eshels, stemming from their belief of Biblical scriptures in the Old and New Testaments. The symbolism on this coin pictures this unity.

The coin is 2” in diameter and is available in silver, burnished silver or silver with gold overlay. It comes with a rolled scroll that details each of the symbols on the coin and the meaning of them. For more information about Michal Eshel and her work, visit her Facebook page at EspeciallybyME.
