Breakthrough PT Marketing Recognized as the Fastest-Growing Company in the Physical Therapy Space

Breakthrough Physical Therapy Marketing, LLC named No. 579 on the annual Inc. 5000 list, by Inc. Magazine. Breakthrough has claimed the fasting growing PT company in the Physical Therapy space with three-year revenue growth of 765%.

NEW YORK (PRWEB) August 28, 2019 -- Inc. magazine today revealed that Breakthrough Physical Therapy Marketing, LLC is No. 579 on its annual Inc. 5000 list, the most prestigious ranking of the nation’s fastest-growing private companies.

The list represents a unique look at the most successful companies within the American economy’s most dynamic segment—its independent small businesses. Microsoft (MSFT), Dell (DELL), Domino’s Pizza (DPZ), Pandora (PANDY), Timberland (TBL), LinkedIn (LNKD, MSFT), Yelp (YELP), Zillow (ZG), and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

For 2019, Breakthrough was the #1 fastest-growing private company in the physical therapy industry with three-year revenue growth of 765%.

Breakthrough’s marketing solutions focus solely on helping private practice physical therapy owners market direct to their consumers enabling them to grow their businesses and diversify their sources for new patients.

“Above all else, the team at Breakthrough is committed to helping people in pain get back to normal naturally. There has been over a 50% decrease in physician referrals to Physical Therapists nationwide since 2003. While we have seen a huge increase in people using medications, having to do invasive injections and surgeries while conservative care like exercise and physical therapy is proven in many cases to get better outcomes. Partnering with private practice PTs and enabling them to educate their communities on benefits of Physical Therapy, we can achieve this goal,” says Breakthrough Physical Therapy Marketing CEO, Carl Mattiola.

“The growth of our company is a direct result of the growth of our clients’ business and the demand that the public has for conservative care solutions. We are honored to make the Inc. 5000 list and will continue to focus on fixing the broken healthcare system by putting PT first.”
