Krista Bryant’s Newly Released “History is HISstory” Is a Compelling Rediscovery of Historical Accounts and Witnessing God’s Role In All Points of Events

“History is HISstory” from Christian Faith Publishing author Krista Bryant is an insightful exploration into some of the important events throughout history, and understanding how God has orchestrated them Himself by moving in and through all things.

MEADVILLE, Pa. (PRWEB) August 29, 2019 -- “History is HISstory”: an intelligent breakdown concerning some key events in the past that will help one understand and appreciate God’s orchestration throughout our history. “History is HISstory” is the construction of published author Krista Bryant, a promising writer who enjoys history about God and His miraculous interventions.

Bryant shares, “History has been defined as the study of the past. The study of wars and generals, presidents and empires, discoveries and newfound territories. The plights of everyday people, living extraordinary lives as they fought for freedom, rights and dignity, moral values, peace, and prosperity. However, these events do not even begin to scratch the surface of what history truly is and its eternal purpose. History Is HISstory. It is God’s story of what He has done throughout time and with each and every single person to ever walk the face of the planet.

“Beholding true history is about seeing God’s Hands in everything, and being able to appreciate how He continually molds and shapes even the most common events. Everything from where an individual is standing during a war, to words of encouragement given to a stranger, to split-second decisions, have all been used by the grace of the Almighty. Every moment in history has a purpose. Every day, common occurrences to extraordinary acts of heroism, have been orchestrated by God to shape the course of humanity and to bring glory and honor to His precious and Holy Name.

“When people are able to see the connection between God’s Mighty hands of care and direction throughout their lives, history no longer becomes a random series of events. God’s Hands were in every second of the Battle of Stalingrad; His Hands molded and shaped the man who went from being the planner of the Pearl Harbor disaster to becoming an evangelist for Christ. God helped Patton and his men when he prayed for a break in the weather. God helped the men during the Vietnam War to help stop the spread of communism. God was guiding the voyage and purpose behind Christopher Columbus’s journeys. When people see history the way God intends for it to be seen, lives are changed. Gratitude, amazement, and awe are just the beginning of understanding and appreciating the wonderful works of the Almighty God throughout History.”

Published by Christian Faith Publishing, Krista Bryant’s new book is an illuminating read that takes the reader back to the past as she points out some of the historical events in which God has worked His ways through. This book brings the realization that God could have used—and will still use—even the most devastating of events, but still shows to us His goodness and His intention to save the future and the lives of His children.
