Hatzky and Dixon Prefab Homes and Offices LLC. brings inexpensive housing and office solutions to Hawaii

HATZKY AND DIXON PREFAB HOMES AND OFFICES LLC. brings inexpensive housing and office solutions to Hawaii

HONOLULU (PRWEB) October 08, 2019 -- Hatzky and Dixon Prefab Homes and Offices LLC. launched in September 2019 providing Hawaii residents with new 20’ containers that can be used for tiny homes, offices, shops, or portable restaurants. Hatzky and Dixon Prefab Homes and Offices LLC. offers new 20’ container homes that come equipped with 160 square feet of space, 2 windows, 1 door, 3 duplex electrical outlets, 2 LED lights, and electrical hookup for generators, or solar panels. These containers are currently selling for $5,700 - $7,000 boasting the lowest prices in Hawaii. Comparable containers in Hawaii range anywhere from $11,000 to $23,000 which gives Hatzky and Dixon Prefab Homes and Offices a competitive edge over all their competition. Roger Hatzky C.E.O. of Hatzky and Dixon Prefab Homes and Offices LLC. was asked why Hatzky and Dixon Prefab Homes and Offices LLC. provides such an elaborate product at such a low price and his response was, “Hawaii is an expensive state to live in, and people who are trying to start a business, or find a place to live cannot afford to pay thousands of dollars per month when they are barely making ends meet.” He went on to say, “There are also thousands of homeless people living in Hawaii and the homelessness has become a huge problem. We want to provide people and organizations with viable solutions to these problems without costing them an arm and a leg. We like to rectify problems that’s what we do.” Hatzky and Dixon Prefab Homes and Offices LLC. is currently selling 20’ containers in Kapolei and provide shipping to neighboring Hawaiian Islands. They also customize containers and provide free consultations.
