Drivers in the Lompoc area can utilize a discount at local dealership for car service

Toyota of Lompoc offers a coupon for car service.

LOMPOC, Calif. (PRWEB) October 11, 2019 -- Drivers know how important the overall health of their car is. It takes a lot of time and care to make sure a car stays on the road. Oil changes and regular maintenance are vital to a car’s ability to stay on the road. There are a lot of gears, belts, and bolts to maintain in a car, so stopping in to see a professional is a very good idea.

There is no easy way to undersell the importance of regular maintenance, especially on a new car. A new car often doesn’t have the history of common issues that older cars do. The older a car is, the more information drivers have on it and any common repairs that are needed. This is why the 30,000-mile mark is so important for new cars. It’s the first big milestone for new cars and shows that it has been on the road for a few months.

Toyota of Lompoc offers a coupon for a 30,000-mile car service. It’s important to take advantage of this service as soon as possible. Drivers who want to utilize this coupon can stop by Toyota of Lompoc’s physical location at 203 E Ocean Ave, Lompoc, CA, 93436. The dealership can also be contacted via their website or at their phone number which is 805-736-1295.
