HOUSTON (PRWEB) October 10, 2019 -- Coast to Coast Motors has established itself as a trustworthy car dealership in Texas and Oklahoma. This means customers that have been turned down by the bank or a lending institution can receive financing right from the dealership.

Coast to Coast Motors not only offers financing options to its customers, but it has various incentives throughout the year. The most recent one is based on the World Series. Customers that come to the dealership and purchase a vehicle from Coast to Coast Motors between now and the World Series will be entered into a drawing.

From the drawing, three levels of prizes will be given out. The first is a grand prize. The three lucky customers that are picked will have their down payments refunded to them. The second award is a first-place prize. Two people will receive fifty percent of their down payments back. The final award is a second-place prize. One individual will be chosen and receive twenty-five percent of his or her down payment back.

It is important to note that this drawing is only taking place if the Houston Astros win the World Series. If the Astros do not win, then this drawing will not take place.
