WINCHESTER, Calif. (PRWEB) November 04, 2019 -- Help Heal Veterans (Heal Vets), a nonprofit dedicated to serving military veterans by supplying them with therapeutic craft kits, has received the Partnership Recognition Award from EXCEED presented by the California Disability Services Association (CDSA) as part of their Eighth Annual Partnership Recognition Event, "With You, We Can!" in Rancho Cucamonga, CA.

The California Disability Services Association is pleased to recognize the outstanding 2019 partnerships that promote the advancement of Californians with disabilities in their communities.

CEO of EXCEED, Lee Trisler, states, "We very much appreciate our long-time partnership with Help Heal Veterans and the opportunities it provides for our clients."

For the past three years, HHV has been a volunteer site for EXCEED participants to gain work experience for adults with developmental disabilities. The partnership enables individuals to develop and maintain vocational, social, and behavior skills. The EXCEED program empowers and allows clients to work independently towards employment in an integrated setting in the business community.

CEO of Help Heal Veterans, Joe McClain, said, "We are honored to receive the Partnership Recognition Award. Thanks to the assembly team from EXCEED, HHV supports two causes at once. Our veterans receive therapeutic craft kits that aid in the healing of traumatic brain injuries; and, we also help deserving people in our community have an income."
