

TAAZ.com Helps Women Achieve Popular New Year Resolutions

From appearing 10 pounds thinner to exuding a more professional look for the office, new Virtual Makeover site allows women to create looks to help them better achieve their goals for 2009.

San Diego, CA ([PRWEB](#)) January 7, 2009 -- Can the right makeup and hairstyle really help women achieve their most desired New Years' resolutions? The Beauty experts at TAAZ.com say they can.

TAAZ.com, the award winning, state of the art virtual makeover web site, is showing women how to get the looks to help jump start 2009's most popular resolutions.

From resolving to become a more cheery morning person, getting the job you deserve, to finding more time for the things you love, to even losing a little weight the right hair and makeup can help you at least look the part.

"We've posted makeup and hairstyle tips to help women achieve the look to fit their goals for 2009," explained TAAZ Beauty Expert and Editor Stephanie Simons. "It's a fun way to get a jumpstart on those New Year's resolutions!"

In addition to the professional beauty advice and articles, TAAZ.com is best known for its ultra-realistic virtual makeover tool. TAAZ.com is the home of a state-of-the-art virtual makeover technology that allows women to upload their photo and sample hundreds of the year's hottest hairstyles and make up trends. The site is continuing to gain momentum with many user-generated YouTube videos, thousands of blogs posts and millions of virtual makeovers already created.

TAAZ.com was recently awarded CONNECT's Most Innovated Software Product Award of 2008 due to the realism of makeovers women can create on the site. TAAZ uses the latest innovations in Computer Vision and Face Recognition technologies, enabling women to create highly realistic makeovers, easily. Millions of women have enjoyed TAAZ.com and continue to share the experience with their friends and family.

About TAAZ
