Reno, NV ([PRWEB](#)) September 30, 2005 -- Nevada September 28, 2005 -- Sexy Halloween Costumes are all the rage this year. With more to choose from than ever before. Everything from Sexy Pirates, schoolgirls, police and sexy nurses. That exciting dress up time called Halloween is upon us.

"The season of Halloween is upon us and this year women are celebrating Halloween by showing more skin than ever," says founder of Posh Angels Jacqueline McCarthy. "At [poshangelscostumes.com](#) we sell sexy costumes both custom made and bargain costumes all year round, not just at Halloween time. Though that is our busiest time, the most popular Halloween costumes are the sexy fairies, angels, sexy police cops, nurses, sexy pirates all offered in different designs."

"Since Halloween is on a Monday this year people have an entire weekend to celebrate and attend costume parties and events. This will fuel a rise in sales since many women have several parties to attend throughout the month of October," says McCarthy.

Jacqueline also states, "Possibly one of the reasons behind the ever growing and popular holiday is that women want an excuse to show off their figures in something that makes them feel glamorous. Also the rise and exposure of such young celebrities as Paris Hilton, Jessica Simpson, Lindsay Lohan and Britney Spears has a direct affect on the young women of today."

Statistics have shown that the most popular sexy costumes for the past four years has been the sexy Tinkerbelle costume, sexy cops, nurses, fairytale characters and any type of schoolgirl. "We are already seeing an early Halloween rush and are forecasting that we will have an excellent year selling sexy costumes, says Jacqueline McCarthy."
