

MarysGlobalBusiness.com Supports the Recently Released Report by Mary Gersten of Global Cash Flow Network

“Learning to advertise and place media properly can be the hardest part of running your home business” says Mary Elliot of www.MarysGlobalBusiness.com. “And the reality is that over 95% of all businesses fail at this first hurdle. Business owners need to learn innovative strategies for advertising to attract new clients and customers, and the new Special Report from Global Cash Flow Network will tell you what you need to know.”

Tempe, AZ (PRWEB) December 3, 2009 -- For most home business and work at home professionals, success is a chancy game. All too often these same businesses find their advertising efforts going unrewarded which leads to disappointment and failure. Their attempts to determine why their business has failed can also be confusing and frustrating. Mary Elliot, an advertising consultant at www.MarysGlobalBusiness.com supports the Special Report just released by Global Cash Flow Network, and says it can help to clarify the situation.

She also says Global Cash Flow Network inspires thousands of people with a newsletter that is designed to show small business owners, work at home moms and home business professionals how to dramatically improve the results of their advertising and marketing.

“There are many simple advertising techniques someone can put in place that can double the sales of most businesses,” says Elliot. There are also heavy blocks that hold small businesses back and ultimately create failures in the business profession. Being able to identify these blocks and avoid them is a must, and then being able to put the advertising techniques in place to boost your sales, is even better.” The current issue of their Newsletter shows any small home business owner several practical strategies they can implement immediately to boost their response rates, and to attract more prospects and customers to their business, surely their ultimate aim!
