

## **Special Report For Boosting Media and Marketing Success Offered For Home Business and Work At Home Professionals**

*Dale Brown, Media Placement Consultant for the Global Cash Flow Network announces his new online business and attributes its success to effective marketing and media placement.*

Springfield, CO ([PRWEB](#)) December 23, 2009 -- Dale Brown, Media Placement Consultant for the Global Cash Flow Network announces his new online business and attributes its success to effective marketing and media placement.

"The wrong focus can be the death of your business" says Global Cash Flow Network media placement consultant, Dale Brown. "And the reality is that over 95% of all businesses fail today. Business owners today need to learn innovative strategies for placing media to attract clients and customers."

For most start up and work at home professionals, success is a guessing game. All too often these same businesses find their efforts going unrewarded and often leading to disappointment. Their attempts to determine why their business failed can also be confusing and frustrating.

Dale Brown, a media placement consultant with Global Cash Flow Network, thanks Global for the simple step by step media placement techniques that are designed to show small business owners, work at home and home business professionals how to dramatically improve the results of their advertising and marketing.

"There are many simple media placement techniques someone can put in place that can double the sales of most businesses," Brown says. There are also heavy anchors that hold businesses back and ultimately create failures in the business profession. Being able to identify these anchors and avoid them is a must. And then being able to put the media placement techniques in place to boost your sales is even better."
