

## **22Moo's VG-SD 'The World's Most Affordable Video Glasses' for the iPod Video**

*22Moo VG-SD "TheWorld's Most Affordable Video Glasses"for the iPod Video and other AV output enabled devices delivers a virtual 35"screen (at 2M far) for only \$250 USD. Watch movies and play games on a 35"virtual screen.*

Sydney, Australia ([PRWEB](#)) June 15, 2006 -- Imagine watching the latest videos on a large 35" screen from 2M away on a device that weighs only 120g and is fully iPod Video ready. It can even connect to your Xbox and PlayStation to add a whole new dimension to your games.

22Moo has added to its cool lineup the VG-SD. The VG-SD is a light weight video glasses that supports direct connection to the Video iPod and other AV output enabled devices such as Set Top Boxes, Sony PlayStation, Microsoft XBox, portable dvd players and more... It delivers a virtual 35" screen (at 2M far) and has a resolution of 320x240 (matching with the Video iPod). Battery life is around 4-5 hours.

Priced at \$US250, 22Moo claims it is the "World's Most Affordable Video Glasses"
