

Make Money Online From Home | ClickBank

New product from 1stPromotion.com empowers users to make money online. 1stPromotion is the trusted source of ClickBank utilities and premium work-at-home opportunities, announced today the re-introduction of their newest web mall and affiliate income portal the 1stPromotion Pro2 Affiliate Income System.

Toronto, Ontario ([PRWEB](#)) September 28, 2006 -- Two years in development, the 1stPromotion Pro2 System employs cutting-edge technology that not only builds confidence in even those new to the web, but for many brings the possibility to make money online and establish multiple streams of income from home closer to a reality than ever before.

Anchored around 1stPromotion's powerful ClickBank portal, 1stPromotion's Pro2 System is an independently hosted income portal that gives each owner total power and flexibility over the look, feel, and content of their site. The ClickBank portal offers customers instant access to over 11,400 instantly deliverable information products and services. Each of these products pay up to an amazing 75% commission.

Customization of each site is accomplished through a simple interface in the 1stPromotion Pro2 member's area. With a simple click here and a click there, members select the products they wish to display and promote through their website from the library of products in the Member's Area.

The WYSIWYG (What You See Is What You Get) editor makes even those with no html knowledge or previous web-experience looks like real pros. As simple as using a word-processing program like MS Word, members can add graphics, text, tables, their logo and more to their site.

The 1stPromotion Pro2 System also empowers members with the integrated "Suggest A Product" and "Suggest A Program" feature. This simple form allows members to suggest products (ClickBank or otherwise) & income programs for inclusion in the 1stPromotion library. ClickBank products are automatically approved and added to the library.

ClickBank vendors whose product may not yet in appear in the Pro2's library of featured products can get premium exposure through the Pro2 system by simply becoming a 1stPromotion member and then using the "Suggest A Product" feature.

New ClickBank vendors, and vendors with new products could potentially ignite an instant flow of ClickBank sales by doing likewise.

Products and other affiliate programs outside of the ClickBank spectrum which are not already in the 1stPromotion Pro2 System library will be reviewed for suitability. Once approved, 1stPromotion will join through the referring member's affiliate link, presenting the possibility of many 2-tier affiliates for the referring member thus establishing multiple means for each member to earn income.

The 1stPromotion Pro2 System is the ONLY ClickBank mall and income system that is specifically targeted to allow each owner to optimize their sites for search engine positioning. From the Member's Area, each store owner can select their page name, meta tags, meta description and website content to assist them in achieving favorable search engine placement and a perpetual flow of targeted traffic (potential customers) to their store.

Other custom features about the Pro2 store is the ability to input custom information including site owner contact information, Google AdSense serving, and selecting color templates.

Owned and operated by brothers Rick and Ron Davies, 1stPromotion continues to develop serious tools for those looking to establish a primary or secondary means of income from home.

1stPromotion is committed to developing serious tools for those looking to establish a primary or secondary means of income from home.
