

Mary Gersten Launches MaryGersten-ripoff-scam-report-response.com and Global-ripoff-scam-report-response.com

Mary Gersten, VP of Operations for Global Cash Flow Network, creates new websites to tell the full story of success for Global Cash Flow Network and CMPS students. Global Cash Flow Network provides training courses, education and support for students in the home business profession. Website training is designed to provide the tools for success for affiliate, Internet, work at home and home business professionals serious about avoiding scams and rip offs online.

Tempe, AZ (PRWEB) April 9, 2007 -- Mary Gersten, VP of Operations for Global Cash Flow Network, today announced the addition of the [Mary Gersten Rip Off Scam Report Response](http://MaryGerstenRipOffScamReportResponse.com) and [Global Rip Off Scam Report Response](http://GlobalRipOffScamReportResponse.com) training site with a behind the scenes look at the students who are having success working with the woman who is changing thousands of lives all over the world.

"I created these training websites as a forum and training concept for entrepreneurs all over the world to get the full story of success our programs provide. It's also a place for our students to post their feedback and experience about the program.

"I have discovered that sensationalism sells and there are so many 'parasite marketers' feeding on my name and our company name to make a buck by trying to discredit our program. I wanted to make sure the full story was available.

"Also, our program isn't all about the money. Every one of our students is impacted by the program in different ways and we wanted a safe place for people to get the facts and inspiration to build success."

Mary Gersten's [Rip Off Scam Report Response](http://RipOffScamReportResponse.com) website is a training resource for people of all backgrounds considering a home business working with Global Cash Flow Network and the CMPS program.

"With so much controversy and negative focus in the marketplace I wanted to provide something positive for people to get access to. So many people will become a statistic in this industry -- it's unfortunate.

"We've been working with our CMPS program for almost 3 years. We were fortunate to be highlighted by Mark Hodges as a Five Star Program. Another consumer watchdog- aka The Jackal also has given us a good rating. Although we are not perfect and not everyone succeeds with our program we are proud of our track record of support and quality tools.

"We receive over 5,000 requests for information each week. We now are approaching 7500 clients in just a few years and out of all of those clients we have a handful of public complaints -- which we feel is an amazing track record we're proud of.

"Some of the sensationalists out there have tried to manipulate facts or distort the truth about the program. Although we're not a perfect company, we figured that our new training forums at [Mary Gersten Rip Off Scam Report Response](http://MaryGerstenRipOffScamReportResponse.com) and [Global Rip Off Scam Report Response](http://GlobalRipOffScamReportResponse.com) could give us a chance to tell our side of the story and provide inspiration, education and motivation."

With the failure rate of businesses at 98% today, the goal is to make sure someone isn't a statistic.

Mary knows she can't make someone successful. She is committed to provide the tools and support that if a student will bring a commitment to do the work -- there is no limit to what they can achieve. If just one story, tip or insight inspires someone to do something bigger than they ever thought possible, then Mary knows she has done her part.
