

## **Joker Poker Player at Casino Classic Laughs All the Way to the Bank**

*Two natural royal flushes in a lifetime is a pipe dream, but Catherine B. of France hit two on her way to millions in winnings from Casino Classic.*

([PRWEB](#)) July 14, 2007 -- Hailing from the country of 'Les Bleus,' Catherine B, a first time online casinos player, took a modest deposit of 20€ at Casino Classic and turned in a profit of over forty thousand Euros. On her way to fortune, Catherine hit two natural royal flushes playing a single video poker title, Joker Poker.

"I think it's a bit of beginner's luck," professes a humble Catherine to [www.casinoclassic.com](http://www.casinoclassic.com), "but also my tenacity."

Beginner's luck does not seem to have left Catherine's system as she has gone on to only deposit 600€, but earn over two million Euros of chips to wager at the online casino. Stories like Catherine's are not unheard of as first-time players appear frequently and manage to garner small fortunes from online casinos. It appears that winning spirits are prevalent in the industry than usually anticipated.

"I don't know how to explain this 'phenomenon'," says Catherine, "but maybe the wheel is finally turning in my favour!"

Joker Poker is a video poker casino game provided by Microgaming™ and available for play at Casino Classic. Furthermore, the online casino is available in a variety of languages including English, French, German, Italian, Chinese and Japanese and accepts various currencies from around the world.

The video poker title is available to players of Casino Classic and their online casinos partners now.
