USA, UK, EU, AU ([PRWEB](#)) July 25, 2007 -- Easy Pocket Money™ (EPM) conducted one years worth of research and can now that the "Online freelance & expert advice service market now spans across 2,798 cities in 201 Internet enabled and e-commerce savvy countries." EPM has drawn new plans to capitalize one the market share. This includes a commitment to seek new partnerships. Continue to grow & develop its freelance & expert advice, software suite. While also enhancing the EPM freelance web portal functionality & brand, in an aim to encourage the expansion of the online trade market.

Professional & junior service providers, employers, recruiters & investors have been invited to join the online market trade movement, in an aim to mentor a new generation of skilled workers waiting to capitalize on the environmentally friendly, (working from home) lifestyle.

Early estimates indicate the online professional services & re-sourcing market to currently be worth two hundred and fifty million dollars US\$250,000,000+ annually. Easy Pocket Money aims to secure and expand this market by creating + expanding on the areas of 1) laws, 2) legal wage standards, 3) safety, 4) security, and 5) fair trade enabled private e-commerce communities.
