London, UK ([PRWEB](#)) April 9, 2008 -- Oggs.com, an eCOGRA recognised independent [online casino reviews](#) website became one of the first slot review sites to report the release of Microgaming's highly anticipated new slot "Tomb Raider 2 - [Secret Of The Sword](#)" this week. The online review of the new generation video slot featuring high-tech graphics, awesome sound and several bonus features is also accompanied with many of the online casinos lining up to offer their members the new slot at launch. Oggs says 'Lara's Secret of the Sword slot looks set to be one of, if the not THE, most important slot release of 2008'.

The Tomb Raider slot release is the second outing for video game icon Lara Croft, this time the game consists of a 30 line, 5 reel slot versus the original 15 line version that had become a firm favourite at Microgaming online casinos. Those familiar with the excellent presentation and graphics of [Hitman slot](#) last year which raised the bar for online slots will be pleased to find that Microgaming has pushed the potential gameplay even further with new interactivity within the game using new video features to the full. Tomb Raider Secret Of The Sword is this year's hit phenomenon 'game of the year' in the making.

Online video slots have become the most played games at online casinos. [Roxy Palace Casino](#) reports that 80% of its members play slots. The rise in licensing well known video game titles and celebrities has increased interest in video slots worldwide. In the past year there have been releases for Osbournes Slot, Hitman Slot and most recently [Elvis Slot](#). Women play slots more than men, and it's the quick and easy play nature that attracts players, together with the rise in progressive jackpots and multi-strike games offering much larger win possibilities.

Tomb Raider Secret Of The Sword has several bonus features including Free Spins, Super Mode, Global Adventure Bonus, Hidden Treasure Bonus and Shootout Bonus. The Global Adventure introduces the player to the search in over 5 locations including London, Ghana, Bolivia, Nepal and Tokyo for the missing parts of the Secret Sword in the game's title. This is one of many areas where Microgaming have gone beyond the normal idea of how a video slot game should behave and be presented, they make gameplay more immersive and bring the heroine Lara Croft to life.

Oggs.com researches, reviews and rates only the [best online casino](#) operators, casinos and games in the US, UK, EU and Asia offering advice and guidance on many aspects of playing the many games and variants found online. The best casinos, slots, games and operators are annually appraised with winners awarded each January in recognition of being best in class in the Oggs.com Online Casino Awards.
