

# IMPEACH BUSH NOW!

October 16, 2007

Dear Congressman:

When our service men and women were sent to Iraq (on a lie), the Pentagon issued playing card decks to the troops identifying Iraq's "Most Wanted", because as the Pentagon explained "the best way to out the enemy, was to depict them on a deck of cards".

America is facing another enemy, and I've taken the liberty of doing the same in identifying that enemy with the enclosed playing card deck identifying the top 54 reasons to impeach President George W. Bush for high crimes and misdemeanors against this country, it's citizens, our Constitution and the Bill of Rights.

When you took the oath of office as a member of Congress, you swore and affirmed to support and defend the Constitution of the United States against all enemies foreign AND domestic.

What's taking you so long defending it against the lies and crimes of the Bush and Cheney administration?

It's not enough to say that "history will judge this administration". When history does judge it for it's crimes, it will judge you and your colleagues as well for failing in your duty to protect this Republic from the crimes of this administration as you swore you would when you took your oath of office.

The excuse that impeachment will take too long and waste precious time is a farce. It took 6 months to impeach President Nixon for obstruction of justice regarding a burglary. It took 4 months to impeach President Clinton over a personal matter that Congress had no business in aside from an attempt at political character assassination. Neither president's crimes came remotely close to the crimes and deceptions of the Bush Administration that have cost thousands of lives, sacrificed our country's standing and reputation in the international community and exercised a complete disregard for human rights and the dignity of American and Iraqi civilians in both national and foreign affairs. For any of you to shrug your responsibility in filing articles of impeachment so that history has a record that an effort was made to halt this assault on our country and our civil liberties is tantamount to treason.

President Theodore Roosevelt said: "Patriotism means to stand by the country. It does not mean to stand by the president or any other public official, save exactly to the degree in which he himself stands by the country. It is patriotic to support him insofar as he efficiently serves the country. It is unpatriotic not to oppose him to the exact extent that by inefficiency or otherwise he fails in his duty to stand by the country. In either event, it is unpatriotic not to tell the truth, whether about the president or anyone else"

Do your duty as true patriots. Study and acquaint yourselves with every documented fact in this card deck. Then put impeachment BACK ON THE TABLE and remove this thug masquerading as our commander-in-chief before the damage he and his administration have caused cannot be undone. It is not only your responsibility but your DUTY. but your DUTY. Your legacy, as well as this country's, DEPENDS ON IT.

Sincerely,

Jerry A. Vasilatos
