How To Trade: International Trading Champion Rob Hoffman Leads Off A Three Part Spring Training Webinar Series Hosted By ICE Futures U.S., Trader Kingdom, and Zen-Fire

*Fresh off another live trading challenge win at the New York Traders Expo,* [International Trading Champion Rob Hoffman](http://www.BecomeABetterTrader.com) will be a featured speaker kicking off this exciting spring training webinar series. Mr. Hoffman is known for trading his real trading account live for the purpose of educating traders and investors around the world on how to trade.

Chicago, IL ([PRWEB](http://www.prweb.com)) March 07, 2013 -- Become A Better Trader, Inc. is proud to announce that Rob Hoffman, President and CEO, has been chosen to be the lead off speaker in a three week, three part “spring training” webinar series beginning March 13th, 2013. This complimentary webinar series, co-sponsored by IntercontinentalExchange (ICE Futures U.S.), Trader Kingdom, and Zen-Fire, will offer traders the opportunity to develop specific game plans for improving their trading as well as introducing new approaches or refining mainstream techniques to expand their trading playbooks.

Mr. Hoffman, primarily a trend trader, will deliver his keynote address titled, “Setups That Are Winning Right Now.” As the title suggests, this presentation will focus on identifying the current trade setups he is using right now that are working in the current market environment. During this presentation, Mr. Hoffman will provide an in-depth look at each setup he is prepared to discuss, along with showing several chart examples where these setups have developed in his recent trading.

Mr. Hoffman tells us, “I like to take my time and identify high probability trades that focus on the risk versus reward, especially in the current market conditions. I have actually developed, and teach my students, several unique trading setups that help me to recognize and enter these types of trades,” he added.

This online event with Rob Hoffman is scheduled for March 13, 2013 at 3:30 PM CT / 4:30 PM ET. To join this live event, as well as to be notified of future presentations and live trading events with Rob Hoffman, please sign up at [http://www.BecomeABetterTrader.com/register/](http://www.BecomeABetterTrader.com/register/).

Rob Hoffman’s presentations like this one showcase a variety of strategies and techniques. He focuses heavily on trade decision-making including entries, profit targets, and stop management. One of his notable talents is to help traders understand areas they should not be looking to enter trades, a lost art on most modern traders who are looking for constant and immediate gratification often resulting in frequent losses.

Rob Hoffman is Founder and CEO of Become A Better Trader, Inc. and an 18+ year veteran of the financial markets. Mr. Hoffman is a Professional Trader, frequent speaker for the major financial exchanges, and commentator on market and instrument direction. He is also a highly skilled educator and passionate mentor to tens of thousands of students from around the world, an International Trading Champion, and consultant to institutional clientele as well as aspiring traders.
