Herbal Medicine Is a New Option for Treating Female Infertility Caused by Tubal Blockage and Hydrosalpinx, Announces Wuhan Dr. Lee’s TCM Clinic

**Herbal medicine named Fuyan Pill is a new option for women whose infertility is caused by tubal blockage and hydrosalpinx, Wuhan Dr. Lee’s TCM Clinic has recently announced the release of the medicine.**

(PRWEB) August 24, 2013 -- Wuhan Dr. Lee’s TCM Clinic, a Ministry of Health of China registered Traditional Chinese Medicine clinic announced the release of a new herbal medicine for treating tubal blockage and hydrosalpinx. The herbal medicine named Fuyan Pill is a new option for women whose infertility is caused by tubal blockage and hydrosalpinx, Wuhan Dr. Lee’s TCM Clinic claims.

"Tubal blockage and hydrosalpinx attribute to a great measure of female infertility, this new herbal medicine has found to be effective in treating this condition in three months." Says Dr. Lee, "Surgeries have been taking center stage in treatment of fallopian tube diseases, now this herbal medicine has become one of the non-surgical alternatives."

Monika, from the Philippines, a patient who has taken Fuyan Pill for 3 months and a half, says, "I'm really astonished by Fuyan Pill because I wasn't expecting to conceive so soon! " Monika is 33 years old and has been diagnosed with bilateral tubal blockage, she says, "After I was aware of the adverse effects and potential damage of surgeries, I decided to seek a natural treatment for my ailment and then I found Fuyan Pill. When I was on 4th month medication I found myself pregnant."

Dr. Lee adds, "Even it is not suggested to take the pills during pregnancy, it is totally safe to conceive immediately after finishing taking the pills. This is because Fuyan Pill is a very natural and safe herbal medicine, it has no side effect."

"Not only for patients who don’t want to undergo surgery, Fuyan Pill is a better option for all women who suffer from infertility caused by tubal diseases. Recurrence is the major problem that patients would face if they underwent surgery, but our patients never worry about this," Dr. Lee introduces, "As inflammation is the very cause of tubal diseases, and Fuyan Pill treats inflammation as well as unblocks the tubes, it’s going to be a permanent cure for tubal diseases."

According to Wuhan Dr. Lee's TCM Clinic, their clinical data of 57 tubal diseases cases shows that success rate of curing tubal diseases in four months is over 90 percent.
