Panther Siding and Windows, Inc. Offers Storm Home-Protection Tips

Preventative procedures provide optimum protection from storm damage. Panther Siding and Windows, Inc. share home-protection tips for the upcoming winter season.

North Bellmore, NY (PRWEB) November 12, 2013 -- With the winter season approaching, Panther Siding and Windows, Inc. stresses the importance of preventative procedures that help to protect homes from storm damage. With experiencing devastating storms and their effects in the past, the Long Island community has gained an understanding of the importance of storm damage prevention.

Panther Siding and Windows, Inc. has an understanding for storm care and prevention, and as a result of their care for the community, they have extended their expert recommended pre-winter storm maintenance suggestions.

They recommend that the following steps be taken prior to the change of seasons:

• Trim any weak or dead trees and branches. Falling branches have the ability to cause serious injuries and severely damage property, homes and vehicles.
• Utilize energy-efficient vinyl siding. Energy-efficient siding decreases heating costs and increases insulation.
• Visually inspect roof of home and garage. Repair any wear, cracks, missing shingles and signs of moisture and rot of roof to prevent further damage.
• Protect windows. Have ½” marine plywood with holes pre-drilled for screws on hand to protect windows and prevent shattering and breaks during the event of a storm.
• Be certain to secure any outdoor items that may be damaged during high-winds.

About the Company
Panther Siding and Windows Inc. is a local, family-owned business that has become a legacy, leaving its mark of quality in the homes of satisfied homeowners throughout the decades. What was once a humble service started out by the hard-working efforts of Edward Kutner, who worked as a stone mason in Flatbush, Brooklyn, has thrived and became one of the leading home repair and improvement companies servicing all of Long Island and the five boroughs of New York City.

Panther Siding and Windows Inc. has rightfully gained a reputation for excellent communication throughout the project process, and for providing high quality work in the fastest and most efficient manner. Their expertise in home improvement stretches beyond their roofing, siding, windows and remodeling services. For a detailed product offering, visit their website at http://www.panthersiding.com
