Clearwater Compliance Announces Availability of HIPAA-HITECH Quick Tips

Company Offers More than 150 Insights and Learnings on a Range of Relevant Compliance Topics

NASHVILLE, TENN. (PRWEB) December 03, 2013 -- Clearwater Compliance announced today the availability of more than 150 quick tips for HIPAA-HITECH compliance, focused on privacy/security concerns, HIPAA audits and risk analysis.

Clearwater’s leaders have created and assembled this library of insight and guidance as part of Clearwater’s ongoing commitment to helping organizations become and remain HIPAA-HITECH compliant. It is available at no cost by visiting http://clearwatercompliance.com/hipaa/blog/.

The quick tips are delivered in a focused, easy to digest format and cover a wide range of relevant HIPAA-HITECH topics, ranging from the latest updates from the Office for Civil Rights to case studies from high-profile organizations. Clearwater will continue to add original content to the library to ensure it serves as a dynamic, up-to-date resource for organizations covered by the HIPAA-HITECH regulations.

Specifically, available content includes:

- **Security Risk Analysis Tips**: such as, how to properly conduct a risk analysis, insight on most prevalent security threats and vulnerabilities, the latest controls and highlights of helpful tools to fortify risk analysis efforts.

- **Audit Tips**: such as, how to prepare for, and respond to, OCR investigations and audits, as well as best practices and lessons learned from organizations that have experienced the OCR audit process.

- **Privacy and Security Reminders**: such as, protecting against identity theft, properly handling paper records and electronic data and transporting medical data.

“We have amassed a wealth of insight over the last several years, and we have an obligation to pass it along,” said Bob Chaput, CEO and founder of Clearwater Compliance. “We take our leadership position in HIPAA compliance very seriously, and we are proud to have the opportunity to share what we’ve learned.”

Clearwater is a leading provider of software and solutions that help organizations become and remain HIPAA-HITECH compliant. The company also has a long history of providing high-value, complimentary educational resources focused on timely HIPAA-HITECH topics, including web forums, webinars, seminars and whitepapers.

In addition to the quick tips library, the company also offers a series of live and on-demand educational webinars and a series of white papers covering a wide range of HIPAA-HITECH topics.
