Soliant Health Named One of the Largest Healthcare Staffing Firms in the U.S.

Soliant Ranks Among Largest U.S. Healthcare Staffing Firms, Travel Nursing Staffing Firms and Allied Health Staffing Firms Categories of SIA's 2014 Report

Atlanta, GA (PRWEB) July 31, 2014 -- Soliant Health, a leading specialty healthcare staffing provider and part of Adecco Group, has been named one of the largest U.S. healthcare staffing firms in Staffing Industry Analysts’ (SIA) 2014 report. The SIA report ranked companies based on the estimated revenue they generated in the healthcare skill segment in 2013.

“I think our presence on this list is evidence of the quality of our people and our approach,” said David Alexander, president of Soliant Health. “When you consistently serve your clients and your candidates, they demand that you get bigger. We’ve done just that for the past 22 years.”

An estimated 29 firms generated at least $50 million in the U.S. healthcare temporary staffing revenue in 2013, accounting for 59% of the total market. Having ranked in every SIA report thus far, Soliant Health achieved rankings in three of SIA’s five categories in both 2013 and 2014. This year, it advanced by one in two categories, earning the title of the 11th largest healthcare staffing firm and the 13th largest travel nurse staffing firm in the U.S. It also remains the 3rd largest U.S. allied health staffing firm.

Soliant Health connects hospitals and healthcare providers with highly qualified full- or part-time healthcare professionals in a variety of specialized disciplines. With branches located nationwide, Soliant Health is able to fulfill staffing needs for the largest healthcare facilities to the smallest rural hospitals.
