Mako Medical Laboratories wins the prestigious Health Care Heroes award from the Triangle Business Journal

Mako Medical Laboratories was recognized for its commitment and support to local charities, U.S. military veterans, and innovations in healthcare.

Raleigh, North Carolina (PRWEB) April 22, 2015 -- Thousands of toys donated. Partnerships with community colleges. Clothing drives, suit drives, visits to local hospitals, sponsorships, and donations. It has been a busy start to the year for the staff at Mako Medical Laboratories headquarter in Raleigh, North Carolina.

"Our team truly has a passion for helping others. We built our company around helping those in need both here locally and around the world" says Chad Price CEO of Mako Medical laboratories.

Mako Medical Laboratories was selected from hundreds of other healthcare companies to receive the 2015 Triangle Business Journal "Healthcare Heroes Award". This award was presented to Mako for it innovations within healthcare and for its outstanding commitment to the communities it serves. Mako Medical Laboratories hosted several clothing and suit drives for families in need. Mako's team also raised thousands of dollars for the YMCA, Boys and Girls Club, United States Military Veterans Foundation, Hope for Haiti, and the Tammy Lynn Center. "It was a company-wide effort", says Chad Price. In addition to the donations--Mako Medical Laboratories partnered with high school and college students to provide free training and internships for those interested in the medical industry. Mako Medical Laboratories mascot--"Mikey the Mako" visited with local hospitals, military families, and children around the country. Mako Medical Laboratories announced last month a partnership with nationally renowned restaurants to match all charitable donations made by customers at each location. The funding from this partnership goes to several nonproﬁts around the country.

Mako Medical Laboratories is a high complexity laboratory that performs diagnostic testing for hospitals, physicians, and urgent care facilities around the country. Mako Medical Laboratories is know for its state-of-the-art facilities, use of robotics, innovative cloud/app technology, and its proprietary method development. Mako Medical Laboratories also handles specialized testing typically only found at the Mayo Clinic. Mako's team is comprised of nationally renowned doctors and Ph.D.’s that have extensive experience with method development. Mako Medical laboratories has pioneered efficient and cost effective solutions for health care professionals around the country. Mako Medical Laboratories hires U.S. Military Veterans to operate its logistics fleet and has committed life saving instrumentation to counties in need.
