Flint Water Crisis: Benzer Pharmacy Steps up to Donate Water as the Flint Water Crisis Gains Momentum

*Chain drug store is reaching out to the community in Michigan by providing bottled water*

Flint, Michigan ([PRWEB](https://www.prweb.com)) January 29, 2016 -- Benzer Pharmacy is donating drinking water on January 30, 2016. The chain of independent retail and specialty pharmacies is striving to reach beyond store walls to actively improve health and wellness.

Arjun Ajbani, Pharmacy Operations Manager at Benzer Pharmacy in Flint, Michigan, says the pharmacy is giving back to the community that supports the business by providing bottled water to the residents of Flint.

“Benzer Pharmacy is stepping up to help with the city’s public health crisis over contaminated water,” he says.

Located at G-3333 Beecher Rd, Flint, MI 48532, the pharmacy will start giving away drinking water starting Saturday at 2:00 pm.

“Residents of Flint, Michigan are invited to the store to collect the bottled water. The pharmacy strives to help everyone achieve good health,” he adds.

A federal state of emergency has since been declared and Benzer Pharmacy is joining local agencies, nonprofits and businesses to help the city’s residents with clean drinking water.

Whenever there is a need in the community, Benzer Pharmacy strives to step forward and lead the way to a better, happier and healthier tomorrow. Get Better with Benzer!
