Ezega Launches Ethiopia's Largest News and Information Web Portal

Ezega Engineering PLC has launched the largest news and information portal with highly interactive and customer-friendly interface to serve the Ethiopian public at home and abroad. The portal includes various sections with distinct feel and look, including sections for News, Jobs, Real Estate, Classifieds, Social Networking and Shopping.

Santa Clara, CA (PRWEB) October 29, 2008 -- Ezega Engineering PLC, one of the leading software companies in Ethiopia, launched a brand new customer-friendly, interactive website this month. The site, Ezega.com, is designed to satisfy the Ethiopian public need for a more comprehensive Web portal that, among other things, includes Ethiopian News, Job Vacancy in Ethiopia, Ethiopia Real Estate, Ethiopian Classifieds, Ethiopian Online Shopping, Ethiopian Music, and Ethiopian Social Networking.

Ezega.com is highly interactive and comprehensive website that gives users various tools to retrieve and post data. It provides breaking news, latest Ethiopian jobs, real estate for sale or rent, classifieds, shopping place, and tools for entertainment and social networking. The site is divided into six major sections: Ezega News, Ezega Jobs, Ezega Real Estate, Ezega Classifieds, Ezega Community, and Ezega Shopping.

Ezega News provides breaking news of interest to Ethiopians from home and abroad. Latest news are posted throughout the day as they arrive. The news section includes categories for Ethiopia news, African news and international news. It also includes news segments for business, sports, entertainment, politics, commentary, etc.

Ezega Jobs provides the latest vacancies targeted primarily towards Ethiopians. Companies can register for free at Ezega.com and create their profile. They can post vacancies at anytime, screen resumes of potential candidates, invite potential candidates to apply for openings, and coordinate their pre- and post-interview activities. Likewise, jobs seekers can view latest job openings, save their favorite job openings, create multiple resumes, edit/activate/deactivate their resumes and apply for jobs online. Ezega's Private Message Board (PMB) allows employers and jobs seekers to communicate online at anytime.

Ezega Real Estate displays the latest Ethiopian homes and properties for sale or rent throughout Ethiopia. The real estate home page is divided into two sections. The first displays the latest 10 properties for sale and the second displays the latest 10 properties for rent. Anyone can register at Ezega.com and post properties for sale or rent free of charge. Users can browse our real estate database and search for properties using various filter parameters. Using Ezega's Private Message Board (PMB), registered users can communicate with property sellers/renters and get more details, arrange for site visits, etc.

Ezega Classifieds allows users to browse classified listings on various topics, including merchandise for sale or rent, service offerings, entertainment lead, hotel and hospitality services, tenders, etc. Any registered user can post classified ads on Ezega.com. Users can bookmark an ad, forward ads to friends, or respond to ads online, an action which will trigger email message to the person who posted the ad.

Ezega Community is the largest module at Ezega.com. It includes various tools for entertainment and social networking. Registered users can blog on various topics. It has Events page where users can advertise their
upcoming events. In the Links section, users can post links of their favorite sites. In Galleries, users can post pictures for public or private viewing. Using Greeting Cards, registered users can send cards to their friends and loved ones. They can use forums and chats to discuss issues and communicate with one another. Anyone can view Ezega's large collection of Ethiopia music videos anytime. Registered users can post videos on Ezega.com if they have one they would like to share with others. Users can search members using various filter parameters such as sex, age, etc., and invite people of interest to them to form friendships, groups, or for dating.

Ezega Shopping displays various merchandises for sale. It has two sections. One lists merchandises that are provided by and shipped from Ezega.com directly, and the second one lists select merchandise from Amazon.com that Ezega.com believes are of value to our customers.
