Carnegie Council Announces "Ethics & International Affairs" Winter Issue 2018: Roundtable on Cyberspace; Universal Declaration of Human Rights at 70; and Much More

The Winter issue of "Ethics & International Affairs" features a roundtable on competing normative visions for cyberspace; an essay on the Universal Declaration of Human Rights at 70; a feature assessing proposals to restrain the use of the veto at the UN Security Council; review essays on international law and on human rights; and book reviews.

(PRWEB) December 10, 2018 -- Carnegie Council presents the Winter 2018 issue of its quarterly journal "Ethics & International Affairs."

The centerpiece of this issue is a roundtable on competing normative visions for cyberspace. Additionally, the issue contains an essay taking stock of the Universal Declaration of Human Rights on the 70th anniversary of its adoption; a feature assessing proposals to restrain the use of the veto at the UN Security Council; review essays on international law and on human rights; and book reviews.

To access the issue, visit this website.

Briefly Noted

ABOUT "ETHICS & INTERNATIONAL AFFAIRS"
The aim of "Ethics & International Affairs" is to help close the gap between theory and practice by publishing original articles, essays, and book reviews that integrate rigorous thinking about principles of justice and morality into discussions of practical dilemmas related to current policy developments, global institutional arrangements, and the conduct of important international actors.
