Roadside Assistance Company Motors to a 5-Star Rating from TopConsumerReviews.com

*Good Sam, a leading Roadside Assistance program, receives a best-in-class 5-star rating from TopConsumerReviews.com.*

OVERLAND PARK, Kan. (PRWEB) December 24, 2018 -- TopConsumerReviews.com has awarded their highest rating to Good Sam, a top provider of Roadside Assistance Plans.

When vehicles break down, it can be both frustrating and dangerous. Getting help quickly is a priority, whether the problem is an easy fix like a flat tire or a more complicated issue that requires a tow to a local mechanic. Savvy drivers make sure that they’re protected by a Roadside Assistance program: with one phone call, day or night, help is dispatched to the scene. Many plans include delivery of fuel or coolant, and some may even include financial assistance with legal costs for drivers who get speeding tickets. Because there’s such a wide range of plans on the market, most customers can easily find a Roadside Assistance program that meets their needs - and their budget.

“Although Good Sam is best known within the RV community, they offer Roadside Assistance plans for regular cars, motorcycles, and even boat trailers,” explained Brian Dolezal of TopConsumerReviews.com, LLC. “The company has been around since 1966 and enjoys the highest rating available from the Better Business Bureau. They provide assistance in all 50 states, Mexico and Canada, and even Puerto Rico and the US Virgin Islands. And, Good Sam’s Roadside Assistance program is extremely affordable, with unlimited towing mileage and coverage for spouses and dependent children under 25 at no extra cost. We’re pleased to give Good Sam a first-place ranking among services offering Roadside Assistance plans in 2018.”
