NJ Top Doc, Dr. Marc A. Cohen Continues To Provide His Patients With Innovated, Advanced Spine Treatment

NJ Top Docs has reviewed and approved Dr. Marc A. Cohen of The Spine Institute for 2019.

SCOTCH PLAINS, N.J. (PRWEB) May 25, 2019 -- The Spine Institute is more than just a clinic. It’s a place where patients receive the most innovative and advanced treatments. Founded by the highly regarded surgeon and NJ Top Doc, Dr. Marc A. Cohen, the Spine Institute treats adults suffering from back pain. Laser spine surgery and minimally invasive spine surgeries are Dr. Cohen’s specialties.

“Spine surgery remains the most intriguing, complex, and challenging field,” says Dr. Cohen, who excels at conventional spine procedures and minimally invasive microspine surgery. Besides the technical challenge of surgery itself, the clinical challenges of making the right diagnosis are very appealing to me.”

Dr. Cohen says spine surgery is an ever-changing field that has advanced dramatically over the years. Under his expertise, which includes more than a thousand laser spine surgeries, the Spine Institute aims to limit surgery whenever possible by using minimally invasive methods, all while providing the highest standards of patient care.

“I carefully evaluate the problem, determine the pathology and access the complexity of the condition,” he says. “I then recommend options, whether it is minimally invasive spine surgery or an alternative to correct the patient’s problem.”
