2019 EdTech Breakthrough Awards Program Recognizes “Breakthrough” Educational Technologies

International Awards Program Recognizes Outstanding EdTech Products and Companies

LOS ANGELES (PRWEB) June 12, 2019 -- EdTech Breakthrough, a leading market intelligence organization that recognizes the top companies and solutions in the global educational technology market, today announced the results of its inaugural EdTech Breakthrough Awards program, showcasing technologies and companies that drive innovation and exemplify the best in educational technology solutions across the globe.

“Our goal with the EdTech Breakthrough Awards program is to recognize the educational technology innovators, leaders and visionaries from around the world,” said James Johnson, managing director, EdTech Breakthrough. “We received compelling award nominations from all over the world, from early-stage startups to industry veterans and leaders, and we clearly see that the EdTech market is driving innovative approaches and technologies to address the most challenging issues facing education today. We extend a hearty congratulations to our inaugural EdTech Breakthrough Award winners.”

The mission of the EdTech Breakthrough Awards is to honor excellence and recognize the innovation, hard work and success in a range of educational technology categories, including Student Engagement, School Administration, Adaptive Learning, STEM Education, e-Learning, Career Preparation and many more. This year’s program attracted more than 1,500 nominations from over 12 different countries throughout the world.

All award nominations were evaluated by an independent panel of experts within the EdTech industry, with the winning products and companies selected based on a variety of considerations, including innovation, design and user-experience, as well as overall technological advancement for their respective categories.
