YotelPAD Mammoth Kicks Off Sales

Development Marks First Major New Build In Over a Decade, Providing Much-Needed Lodging Following Years of Steady Tourism Growth and Record-Breaking Snow Season in the Popular Resort Destination

MAMMOTH, Calif. (PRWEB) June 21, 2019 -- Pre-sales at YotelPAD Mammoth opened on June 18 with a special selection event for Founders.

“We appreciate the continued support of the community and, in particular, the local brokers for this signature resort real estate project,” said Gary Raymond, Managing Director, One Mammoth LLC. “These Founder sales are a strong indication that Mammoth skiers love the YotelPAD concept.”

Mammoth Lakes is a popular four-season destination attracting more than 2.8 million annual visitors. Mammoth Mountain celebrated a record-breaking snow season this year with the snowiest February on record, totaling more than 15 feet, allowing the ski resort to stay open into August 2019. Due to a number of factors beyond this epic snowfall, the area’s hotel and rental occupancy rates have steadily climbed the past three years.

With its larger than life ski experience, Mammoth is increasingly becoming a Southern California mecca for mountain biking in summer and fall months with 70 miles of single-track mountain biking and 20 miles of paved bike trails. With more than 17 lakes within a 20-minute drive, hiking is abundant. Meanwhile, trout-stocked lakes, rivers and creeks attract fishing enthusiasts near and far.

YotelPAD Mammoth has already garnered strong interest since its announcement as the newest opportunity to own real estate in one of the most desirable resort destinations in the country. With a mix of value, modern design, and smart layouts, residences also offer unbeatable location and views. Unrivaled by other offerings in the market, YotelPAD Mammoth appeals to active, multi-generational families seeking a sustainable and affordable home without sacrificing the luxuries or amenities of a bustling vacation home community.
