Dr. Miranda Uzoma Joins U.S. Dermatology Partners Sugarland

Board Certified Dermatologist and Fellowship Trained Dermatopathologist Miranda Uzoma, MD Joins U.S. Dermatology Partners Sugarland

SUGARLAND, Texas (PRWEB) January 22, 2020 -- U.S. Dermatology Partners is pleased to welcome Board-Certified Dermatologist and Fellowship Trained Dermatopathologist, Dr. Miranda Uzoma, to our Sugarland practice.

Dr. Miranda Uzoma graduated Magna Cum Laude with a Bachelor of Science from Cornell University. She earned her medical degree from UTMB School of Medicine in Galveston, Texas. She went on to complete her dermatology residency at Henry Ford Hospital in Detroit, MI, after which she returned to Houston to pursue further advanced fellowship training in dermatopathology at the University of Texas Health Science Center at the Texas Medical Center. Dr. Uzoma is a Fellow of the American Academy of Dermatology and is a member of the American Society of Dermatopathology, the International Society of Dermatopathology, Skin of Color Society, and Women’s Dermatologic Society. She is a skilled dermatologic surgeon and has a strong interest in complex medical skin diseases like hidradenitis suppurativa, and pigmented disorders such as vitiligo.

Dr. Uzoma is excited to practice dermatology in her hometown and serve the Houston community. In her spare time, she enjoys spending time with her husband and son and keeping up with the Houston Rockets and Texans.

About U.S. Dermatology Partners
As one of the largest physician-owned dermatology practices in the country, U.S. Dermatology Partners patients not only have access to general medical, surgical, and cosmetic skin treatment through its coordinated care network, but also benefit from the practice’s strong dermatology subspecialty thought leaders and medical advisory board. To be the best partners to its patients, U.S. Dermatology Partners is fervently focused on providing the highest level of patient-first care, and its team, therefore, includes recognized national leaders in areas such as clinical research, psoriasis and Mohs Surgery.
