Cativa CBD Congratulates Marc Leishman on Win at Farmers Insurance Open

Leishman has been a strong supporter of Cativa CBD since its launch in August 2019 and has consistently mentioned that CBD has helped him overcome physical challenges. In September 2019, he became the brand’s spokesperson.

SAN DIEGO (PRWEB) February 03, 2020 -- Cativa Health ("Cativa CBD"), a science-based cannabidiol (CBD) brand set to revolutionize the wellness and CBD industries, today congratulates spokesperson Marc Leishman on his win at the Farmers Insurance Open 2020. Leishman shot a seven-under 65 on Sunday at Torrey Pines to win the tournament. It is Leishman's fifth career PGA Tour win.

“Congratulations to Marc on his outstanding play at Torrey Pines,” says Luisa Escobar, the Chief Operating Officer of Cativa CBD. “He is an outstanding example of how the responsible use of CBD can help athletes improve their play and recover from injuries. We wish Marc continued success in the future.”

Leishman has been a strong supporter of Cativa CBD since its launch in August 2019 and has consistently mentioned that CBD has helped him overcome physical challenges. In September 2019, he became the brand’s spokesperson.

“Cativa CBD’s body cream has helped me recover from a list of physical ailments, including my back pain,” says Leishman. “Cativa CBD’s THC-free products continue to keep me in the game and help me recover.

Cativa CBD offers a wide array of THC-free products that can help any athlete utilize CBD’s well-known benefits, including:  
- Restore CBD Body Cream, an ultra-moisturizing and restorative CBD body cream that contains up to 200 mg of CBD per bottle.  
- Balance CBD Gum, which delivers CBD’s well-known benefits up to 5 times faster than other forms of CBD oral products and contains 10mg of CBD per tablet.  
- Balance CBD Mints, which supplement your existing healthcare regime and contain 5mg of CBD per mint.

Additionally, Cativa CBD is known to be on the cutting edge of CBD science. The brand partners with leading scientific institutions, including Princeton University and the Zeeh Pharmaceutical Station of the University of Wisconsin School of Pharmacy, which allows it to utilize technologies and formulations not found with other brands. The company's access to exclusive intellectual property is directly linked to the creation and manufacturing of its products.
